

## Inclusion in Tabula Gratulatoria of 5.5 Metre Book

The Finnish-Norwegian team of Matti Muoniovaara and Mikkel Thommessen have started to write the first ever book to cover whole story of the 5.5 Metre Class from the beginning through to the current day.

A limited number of books are being made available to sponsors to fund the writing and production of this landmark publication, due to be released in August 2021.

Each sponsor will receive

- At least one special edition of the initial run of books;
- Their name prominently featured in the Tabula Gratulatoria at the front of the book.

To support this book and reserve your special edition, please return this form to the Int. 5.5 Metre Class and make a pledge. Once we have received enough pledges to fund the book, an invoice will be sent with bank details.

Becoming a sponsor costs from €500 per name.

Bronze sponsor - €500 (incl. one special edition)

Silver Sponsor - €1000 (incl. 2 special editions)

Gold Sponsor - more than €1000 (number of special editions to be agreed)

Please complete this form and return to Simon Pfændler at [simon.pfaendler@amgil.ch](mailto:simon.pfaendler@amgil.ch)
